

Bicycles Etc. Kids Bike Trade Up Program

When it comes to kids bikes, fit and safety are more important than ever. With an improper fit, children are at risk to lose control. Low quality bikes are simply not designed to stand up to the wear and tear kids put them through, resulting in an unpredictable and dangerous ride (just think if the brakes on your car worked "Okay, some of the time"). So how do you keep kids on the right bike without breaking the bank?

trade•up
Kid's Bike Program

Purchase any new kid's bike from our store (size 12" through 24"), and you can trade it up later to a larger size! Simply bring it back to our store within 3 years and we will give you up to 50%* of what you paid as a credit towards their next bike!

OR : Buying one of our bikes for the 1st time?

To help get you started, bring in ANY branded kids bike (size 12" - 24") in working condition** and get 10% off any new Bicycles Etc. kids bike purchase. Your old bike will be reconditioned and donated, so you can feel good about helping underprivileged children get riding all while enjoying the savings!

Kids Bike
sizing

The Fine Print: * New bike purchase must be towards a larger size, can not trade "down" or replace the same size. Original receipt is required. All *Trade Up* bikes will be subject to an inspection which will determine any necessary repairs and the 50% *Trade Up* credit will be adjusted accordingly, bikes must also be cosmetically appealing and rust free. Only bikes purchased from Bicycles Etc. are eligible to participate in the *Trade Up* program. Juvenile bikes, sizes 12" - 24" are eligible. All original accessories must be included (or replaced) prior to *Trade Up*. ** Working Condition is described as: A safe and functioning bicycle where as tires have no less then 50% of tread remaining and tubes must hold air; overall bike is cosmetically appealing and rust free; no stripped nuts, bolts, or allen keys; brakes and pads stop bike adequately; drivetrain components are in working order; wheels are true and spokes are in good condition. All non-Bicycles Etc. Purchased bikes wishing to be used in the *Trade Up* program are subject to an inspection verifying that the bicycle meets these requirements.
